OBJECTIVE

I am seeking a director-level position in the technology field with authority and flexibility to oversee projects from conception to completion. I will apply first-hand experience from having performed work in the same disciplines that are required to complete successful projects which meet deadlines, budgets, and company goals.

QUALIFICATIONS

- **Unshakable integrity** with a strong focus on **professional ethics**
- A willingness to work with differing needs and viewpoints with an emphasis on **negotiating workable compromises** between competing interests
- Always **keeps a positive attitude** with a focus on moving towards goals
- **Highly intelligent** with the ability to engage in unbiased and complicated analyses of technical, financial, and legal concepts - including excellent **mathematical, logical, and problem-solving** skills
- Possesses an equal blend of "left-brain" (**analytic**) and "right-brain" (**creative**) abilities

ACCOMPLISHMENTS

- **Became entirely debt-free in 2006**
- Measurably **improved the reputation** of several clients
- Researched, qualified, and implemented a digital video archiving system which **saved one company thousands of dollars per month** in media and labor costs
- **Saved another company thousands of dollars** by re-using recyclable materials in a novel fashion
- **Applied a disaster recovery plan which saved one company** after a catastrophic loss of all digital media assets on the entire company network
- **Saved one company's reputation** by intercepting, redesigning, and replacing marketing materials bound for a trade show which were error-laden and poorly produced - before the trade show and at **less than a third of the cost** of the original botched materials

UNIQUE SKILLS

- Ability to work in a **1099 capacity** as my company, HyperOptic Productions
- Use of advanced **backup, restoration, encryption, and virtualization** systems
- Excellent computer **file organization** with rapid retrieval skills
- Possess professional licenses which require continuously updated familiarity with **ethical, legal, and compliance issues**
- **Fragrant approach** to all "money-based" solutions
- Knack for finding the **most efficient way** to achieve a goal
