Business Card Layout Helper

Name: _____ Phone Number: _____ Email: _____

Use the spaces below to sketch your design ideas.

Our designers will use these as starting points, then work with you to make the perfect design for your new business cards.

If you're feeling more "spendy", we can also make your business cards with rounded corners. If you'd like a design with rounded corners, sketch your design ideas below.

Things we can do for you (if you're feeling REALLY spendy):
Durable plastic business cards, Business cards laser-cut in metal,
A Pop-Up business card, business cards with near-field RFID data,
or even business cards with data on a built-in USB Flash Drive! **JUST ASK!**

Sketch it, Scan it, and Fax it to (866) 328-8157.
Or, if you prefer, email it to sales@hyperoptic.net
